

# CABLE RAILINGS

**CABLE SYSTEMS**

PRESENTED BY CROWN HERITAGE

Open up your view! Cable railing is attractive, strong, and virtually maintenance free. Better yet, cable doesn't obstruct your view. The fittings are made of marine grade stainless steel so they can be used for exterior decks or interior stairs. Our fittings are designed especially for railings. So, unlike other cable fittings you may see, our fittings are sleek with no bulky clamps, rough edges or exposed cable ends.

*Pictured here with Series 500 Cable, 4000 newel post and 6210 handrail.*

# CABLE KITS

## 102 SERIES

Outside to outside post mount. Budget friendly and can be used on level runs or stairs.

## 262 / 224 SERIES

Outside to outside post mount. Can be used on level runs or stairs. Simple tensioning and low-profile end caps. Use Series 224 with our aluminum posts

## 500 SERIES

Inside to inside post mount. Use on stairs.

## 300 SERIES

Inside to inside post mount. Use on level runs.

*Series 300 and 102 Cable with  
4000 newel post and 6002 handrail.*

# CABLE ACCESSORIES

**Cable Braces** Use a brace every 48". Measures 3/4" x 3/4" x 42".  
 Level runs (Part#4213) Pre-drilled 3-1/8" on center.  
 Stair runs (Part#4200) Undrilled, includes angle bracket.  
 (Available in both Anodized or Black)  
 Note: Brace can also be an extra post or baluster.

**Cable Release (Part#3066)**  
 Releases cable from locking fitting before tensioning.

**Cable Cutter (Part#3068)**  
 For burr-free cutting of cable.

**Cut-off Wheel (Part#3069)** Cut cable flush with the ends of fittings. Ideal for the 102 and 262 kits

**Cleaner (Part#3067)** Cleans and protects from extreme conditions.

**Post Protector (Part#3061)**  
 Stainless Steel insert. Protects the post at areas where cable enters/exits on an angle.  
 (Sold 4 per pack.)

**Stainless End Caps (Part#3063)**  
 Use with the 102. Caps for stud end.  
 (Sold in packs of 10.)

# CABLE SWAGELESS

Simply cut the cable and insert into the fitting. Each system requires one tensioning end. Sold individually or in packs of 10. Cable available in 100 and 500 ft. spools.

Stair Tensioning End (Part#3056)

Stair Non-Tensioning End (Part#3057)

Level Tensioning End (Part#3058)

Level Non-Tensioning End (Part#3059)

**Note:**  
 The 3057 and 3059 can also be paired with the 102 Series when you do not have access to the back side of the termination post.

# ALUMINUM RAILING

Our posts are designed specifically for the 224 Series cable. The posts measure 2-3/8" and are available pre-drilled or undrilled. Pre-drilled posts are drilled with 10 holes at 3-3/16" on center to achieve a 36" rail height. All post kits include necessary bolt caps and washers. All drilled post kits include internal post reinforcements.

BLACK
